Still Not

Engraved on a slab in a Cathedral at Lubeck, Germany

Ye call me Master and obey me not,
 Ye call me Light and seek me not,
 Ye call me Way and walk me not,
 Ye call me Life and desire me not,
 Ye call me fair and love me not,

Ye call me eternal and seek me not,
 Ye call me wise and follow me not,
 Ye call me gracious and trust me not,
 Ye call me noble and serve me not,
 Ye call me mighty and honor me not,
 If I condemn ye, blame me not.

Recommended Reading

“So great is my veneration for the Bible that the earlier my children begin to read it, the more confident will be my hope that they will prove useful citizens to their country, and respectable members of society.”

- John Quincy Adams

“The Bible is no mere book, but a Living Creature, with a power that conquers all that oppose it.”

- Napoleon Bonaparte

“In this little Book will be found the solution to all the problems of the world.”

- Calvin Coolidge

“Hold fast to the Bible as the anchor of your liberties; write its precepts in your hearts, and practice them in your lives. To the influence of this Book we are indebted for the progress made, and to this we must look as our guide in the future.”

- Ulysses S. Grant

“But for this Book, we could not know right from wrong.”

- Abraham Lincoln

Ahead of “Modern” Science

By Bill Brinkworth

The Bible has long been known to be the Word of God. It has proved itself true spiritually, historically, mathematically, prophetically, and scientifically. Many of the scientific claims of the Bible were declared thousands of years before man had “discovered” them. Here are a few of the hundreds of examples:

➤ **The earth is round:** “It is he that sitteth upon the circle of the earth . . .” Isaiah 40:22 Here, 712 B. C. and over 2,200 years before Christopher Columbus established it as modern scientific fact, the Bible stated that the earth was a circle, or round.

➤ **Existence of dinosaurs and man cohabitating with them.** “Behold now behemoth, which

I made with thee; he eateth grass as an ox . . . He moveth his tail like a cedar: . . . His bones are as strong pieces of brass; his bones are like bars of iron . . .” Job 40:15-24 Approximately 1520 B. C., Job describes, in detail, an animal that is larger than any seen today. Clearly, it is a description of a large dinosaur. It was not until 1824 that William Buckland documented one of the first dinosaurs, and it was not until the 1900’s that fossilized dinosaur and human footprints were found together in Glen Rose, Texas and in Africa. In addition, an 1186 A.D. carving on a Cambodian Temple is evidence the artist saw a stegosaurus.

☞ **Life is in the blood.** *“For the life of the flesh is in the blood...”* Leviticus 17:11 William Harvey, in 1616, is attributed with discovering that blood circulation is most important for life. The verse in Leviticus was written over 3,000 years before Harvey’s discovery.

☞ **Eating fat is unhealthy.** *“Speak unto the children of Israel, saying, Ye shall eat no manner of fat, of ox, or of*

sheep, or of goat.” Lev. 7:23. Written 1490 B. C., it was far in advance of the modern research that eating fat is not healthy.

☞ **Man lived in caves.** *“They were driven forth from among men, (they cried after them as after a thief;) To dwell in the cliffs of the valleys, in caves of the earth, and in the rocks.”* Job 30:5-6 This verse is believed to have been written about 1520 B. C., but it was not proven until around 1879 from paintings found in Spanish caves that man lived in them.

☞ **Stars are different.** *“There is one glory of the sun, and another glory of the moon, and another glory of the stars: for one star differeth from another star in glory.”* I Corinthians 15:41 This statement was made about 57 A. D., but the telescope was not invented by Hans Lipperhey until 1608 to prove that as fact.

☞ **Water in outer space.** *“And God made the firmament, and divided the waters which were under the firmament from the waters which were above the firmament: and it was so.”* Genesis 1:7 Attributed to be written more than 4,000 years

“It is impossible to govern the world without the Bible.” • — George Washington

Scriptural Sayings

Some of our common sayings originate from the Scriptures. Here are some:

☞ **“A little bird told me.”** — *“... for a bird of the air shall carry the voice, and that which hath wings shall tell the matter.”* Eccl. 10:20

B.C., this statement is far in advance of the CNN statement of December 3, 1996 that “ice most likely exists at the moon’s sun-deprived south pole”. It also precedes NASA’s 2000 announcement that they found evidence of water on Mars.

☞ **Geographically ahead of modern day archaeology.** Many times archaeologists use the descriptions in the Bible to find lost and forgotten cities. One could easily spend a busy month in Israel where a tour guide would point out cities, buildings, and artifacts that were mentioned in the Bible.

The Bible is scientifically accurate, because its author was the creator of all that we try to examine and learn from. Famous kings, prophets, men, and rulers recorded exactly what God wanted us to know. We have a copy of it today in our King James Bible. It is a trustworthy source for answers to most of man’s questions; especially those concerning his eternal future and destination.

☞ **“Spare the rod and spoil the child.”** — *“He that spareth his rod hateth his son: but he that loveth him chasteneth him betimes.”* Proverbs 13:24

☞ **“He escaped by the skin of his teeth.”** — *“... I am escaped with the skin of my teeth.”* Job 19:20
